SUMMARY

Full Stack Developer and AWS Certified Cloud Practitioner with experience building cloud-based web applications using React, Next.js, Node.js, PostgreSQL, MongoDB, and AWS. Passionate about scalable software solutions, cloud infrastructure, and modern web technologies. Experienced in full-stack development, database design, and secure application architecture.

TECHNICAL SKILLS

Frontend: React, Next.js, JavaScript, HTML5, CSS3, Bootstrap

Backend: Node.js, Express.js, REST APIs, JWT Authentication

Databases: PostgreSQL, MongoDB, Microsoft SQL Server

Cloud & Infrastructure: AWS EC2, AWS S3, AWS IAM, AWS VPC

Tools: Git, GitHub, DBeaver, VS Code

EXPERIENCE

Software Development Intern

2026 | 3-Month Internship

- Collaborated on web application development and maintenance tasks.
- Assisted in designing and implementing software features using modern web technologies.
- Participated in testing, debugging, and troubleshooting application issues.
- Worked with databases and backend services to support application functionality.
- Contributed to project documentation and team collaboration activities.

Founder & Full Stack Developer | NapSend

2026 – Present

- Designing and developing a secure cloud-based file-sharing platform using Next.js, Node.js, PostgreSQL, MongoDB, AWS S3, and BunnyCDN.
- Building file upload, folder navigation, search, authentication, and permissions systems.

- Implementing cloud storage architecture using AWS S3 and content delivery through BunnyCDN.
- Designing database structures and application architecture to support scalable growth.
- Developing responsive user interfaces and secure backend APIs.
- Continuously iterating on features, performance, and user experience as the platform progresses toward production release.

PROJECTS

Authentication System

- Developed a secure authentication platform using JWT and OTP verification.
- Implemented user registration, login, authorization, and protected routes.
- Built REST APIs using Node.js and Express.
- Designed secure authentication workflows and session management.

EDUCATION

Roxbury Community College

Associate of Science in Web Technologies

CERTIFICATIONS

AWS Certified Cloud Practitioner
